

Brustor B-50 Compact and Aesthetic

The **Brustor B50** has a compact and fully enclosed cassette casing which excels not only aesthetically but also technically. Installation is achieved using just two mounting brackets, one at either end of the awning. A maximum width of 5,50mt and projection of 3mt is achievable. The B50 is a full metal construction which allows all parts to be powdercoated including the cassette, arms, brackets and end caps. The B50 comes standard in white satin however it can be powdercoated in any standard dulux powdercoat colour, allowing it to blend in with any surround. A popular residential choice.
